

**GRATRY & COMPANY'S INTERNATIONAL AND GLOBAL EQUITY STRATEGIES NOW AVAILABLE ON WEALTHADV PLATFORM**

June 18, 2007 – Charlotte, NC

Adhesion Technologies is pleased to announce that Gratry & Company has agreed to make its international and global large-cap ADR strategies available on the WealthADV Platform.

“We are delighted to have been invited to join the WealthADV platform”, said Robert Tynes, Managing Director at Gratry. “We believe our relatively conservative approach to international equity portfolio management is well suited to the individual investor, particularly given the low turnover in our portfolios and the resulting tax efficiency”. We look forward to working with the team at Adhesion Technologies and the many high-quality advisors who subscribe to the WealthADV platform.

Based in Cleveland, OH, Gratry has been managing equity portfolios from a global perspective for over 25 years. Independent and employee-owned, the firm brings focus and experience to investors who seek a growth-oriented approach to international equity portfolio management.
