

## **Lunt Capital Management announces availability of its tactical ETF strategies on the Adhesion WealthADV UMA Platform.**

**Salt Lake City, UT, November 20, 2009** – Lunt Capital Management, Inc., a leading registered investment advisory firm and money manager, announced today that it is making its tactical ETF strategies available to investment advisors through Adhesion’s WealthADV Unified Managed Account Platform.

Through this relationship, Lunt Capital’s strategies will be accessible to advisors who custody assets at Schwab, TD Ameritrade, Fidelity, and Pershing. The models included are:

- All Markets Portfolio
- Lunt Capital Alternatives Portfolio
- Global Rotation Investment Portfolio
- Tactical Global Equity ETF Portfolio
- Tactical Commodity & Currency Portfolio
- Tactical Bond ETF Portfolio

John Lunt, President of Lunt Capital Management stated, “We believe that repeatable, tactical strategies are essential portfolio tools in today’s uncertain markets. Our ETF portfolios provide the ability to access specialty investment categories and strategies across all asset classes including alternative investments. Advisors and their clients are anxious to access alternative assets such as commodities and currencies in an efficient, transparent way. We are pleased that this partnership with Adhesion will bring advisors the ability to utilize our unique ETF portfolios.”

Added Barrett Ayers, Managing Director of Overlay Portfolio Management at Adhesion, “We are excited to have Lunt Capital on the WealthADV Platform and believe their approach to active management, diversification and use of non-traditional asset classes can be a valuable addition for our Unified Managed Account clients. We believe it’s another example of our ability to rapidly respond to our client’s demand for innovative and unique products while maintaining a high quality and reasonably priced offering”.
